Development Department.
G.O.(Ms.)No.4498, dated 1-9-1948.

ABSTRACT

AGRICULTURE - Grow More Food - ~~Cart~~ Cart tyres - Supply to Harijan
in the Province - Proposals of the Joint Director of Agriculture
Approved -

READ:-

From the Joint Director of Agriculture H1-4108/48 dated
11-8-1948. ---

O R D E R:

The Joint Director of Agriculture has reported that it has been represented to him that some of the Harijans in the Nellore District are not able to get supplies of cart tyres owing to their ignorance of the priority rules and due to the fact that their carts are engaged in the cultivation of leased lands. He has also stated that it has been suggested to him that 50 pairs of cart tyres may be set apart for the whole year for exclusive distribution to the Harijans and Yenadars in the district at the discretion of the District Agricultural Officer and the Agricultural Demonstrators. The Joint Director of Agriculture has recommended that 50 pairs of cart tyres may be set apart in every district for a period of one year for exclusive distribution to Harijans.

The Government approve his proposal. Due precautions should be taken to see that the cart tyres are not sold to others or merchants. Malpractices by subordinate staff should also be guarded against.

2. The Director of Agriculture is requested to fix a time within which the Harijans should get the cart tyres allotted to them failing which they should revert to the general pool.

(By Order of His Excellency the Governor)

To
The Joint Director of Agriculture.
